Leonardo da Vinci was the ideal Renaissance man. He was a scientist, a writer, and, of course, an artist. The Renaissance was a period when man began to realize his potential, and da Vinci exemplified this by becoming an expert in many different fields.

At George Mason, a small school, we have had the opportunities to participate in a myriad of classroom experiences, clubs, activities and sports. They all helped us become well-rounded individuals in the Renaissance style.

JUNIOR VARIETY

The 1985 Junior Variety show was a hit. The show was sponsored, as usual, by the junior class and helped raise money for the Junior-Senior Prom, but it was certainly not a "usual show." This year's theme was "Junior Variety Trivial Pursuit." The theme showed up in many of the acts such as "A Quiet Evening of Trivial Pursuit" and in the master of ceremonies "trivial" stories, told by Roger Camp.

Other memorable acts were "Ali Baba and the Flying Carpets," "The Resurrection," "Toothpaste," "Behind Blue Eyes," and the finale, "Under the Boardwalk." The rehearsal time this year was extremely short because the show was earlier than usual. But thanks to a lot of hard work on the part of the cast, crew and especially the directors, Mr. John Ballou and Ms. Val Picini, everything was together by February 14, 15 and 16.

GETTING THEIR KICKS

This year the Varsity boys' soccer team boasted its best record ever in the Metco B League, winning 11 out of 14. The team ended up 2nd in the standings and hopes to win the tournament, in which they won the first game. The defense was led by consistent Chris Buddendeck and Andy Condit, who were both named All-Conference. The scorers were led by Chris Behr, also named All-Conference, closely followed by James Condit. George Mason hopes these past winning seasons will set a tradition for years to come.

The girls' soccer team had a very spirited season. They relied on humor to survive their defeats.
